PureGreen LLC supports MRSA Survivors Network

NEW YORK, NY, October 22, 2012 – Pure Green, LLC, distributors of PureGreen24

We are excited to announce our support for MRSA Survivors Network.

MRSA is spreading at alarming rates in the community and within healthcare facilities worldwide. MRSA colonization and infections are also occurring in pets, farm and zoo animals. MRSA has been found on U.S. west coast beaches, in sea animals and in the food supply

The death rate from MRSA in the United States continues to climb as MRSA goes under-reported by U.S. healthcare facilities and 85% of all MRSA infections originate in healthcare facilities. Well over 19,000 Americans die from invasive MRSA every year and 2,600 from community-acquired MRSA (CA-MRSA). MRSA continues to be a secret and silent killer.

"MRSA should be a top political priority in the United States and globally," says Jeanine Thomas founder of MRSA survivors network. "We are pleased to have Pure Green LLC and PureGreen24 disinfectant as a supporter of the MRSA Survivors Network".

There are no support services in the United States at a state or federal level for MRSA victims that are impacted from disabling MRSA infections as there are for HIV/AIDS patients. There are no MRSA clinics, housing, free MRSA screening, wound care, etc. In fact, many county health departments refuse to treat MRSA patients with infections – this is inhumane. Many MRSA victims are uninsured or underinsured.

MRSA Survivors Network runs the only MRSA crisis hotline in the U.S., MRSA patients share their personal stories of struggles to stay alive, be treated for MRSA infections and many have become bankrupt, homeless, permanently disabled, shunned and denied treatment from hospitals – it is a dehumanizing experience.

"We are proud to support such a worthwhile cause" stated Brigitte Ferrada-Stetson, co-founder Pure Green LLC. With the spread of MRSA increasing, PureGreen24 is the perfect product to disinfect homes environments. PureGreen24 is a great bleach alternative, contains no toxic chemicals, is odorless and non-staining while providing 24hr residual protection. PureGreen24 is safe to use around children and pets. "We hope you will join us and support MRSA Survivors Network".

About MRSA Survivors Network

MRSA Survivors Network conducts annual designated awareness campaigns worldwide: World MRSA Day, World MRSA Awareness Month and Int'l MRSA Testing Week, April 1-7 and operates the only MRSA Crisis Hotline in the United States: 630-325-4354.

For information on how you can become a corporate sponsor, donate (tax deductible), volunteer and get involved in the movement to make a difference, contact them directly at: 630-325-4354, www.MRSAsurvivors.org, info@MRSAsurvivors.org, www.Twitter.com/MRSAsurvivors, and at [Facebook.com/MRSASurvivorsNetwork](https://www.facebook.com/MRSASurvivorsNetwork).

About Pure Green, LLC

Pure Green, LLC is the international distributor of PureGreen24 disinfectant and deodorizer; your only choice for a proven disinfectant. Pure Green, LLC is dedicated to reducing health risks caused by exposure to viruses, fungi and bacteria without endangering humans and animals during the disinfecting process. PureGreen24 kills MRSA and H1N1, yet also kills common household germs. PureGreen24 can be used in the presence of children and animals. PureGreen24 is based on patented Silver Ion SDC technology, which is the only disinfectant with 24 hour effectiveness. Pure Green, LLC is further distinguished by donating a percentage of profits to charities which support children's health, cancer research and animal protection. Additional information about Pure Green, LLC is available at www.PureGreen24.com
