*Human Coronavirus	3 minutes
*Influenza A (H1N1)	1 minute
*Swine Influenza A (H1N1)	1 minute
*Respiratory Syncytial Virus	3 minutes
*Adenovirus Type 2	3 minutes
*Murine Norovirus	10 minutes
*Norovirus	10 minutes
*Avian Influenza A	10 minutes
*Influenza A	10 minutes
*Rhinovirus	10 minutes
*Polio Type 2	10 minutes

APPLICATION INSTRUCTIONS

Pre-clean surfaces prior to using this product. For spray applications, apply from a distance of 6"-8".

Disinfection: To kill bacterial on hard, non-porous, non-food contact surfaces, apply **PureGreen24** to the surface until visibly wet for 2 minutes. The surface may then be wiped dry with a clean towel.

Fungus Control: To kill fungus on hard, non-porous surfaces, apply **PureGreen24** to the surface until

APPLICATION INSTRUCTIONS (Cont.)

visibly wet for 10 minutes. The surface may then be wiped dry with a clean towel. Re-apply when cleaning or when new growth appears.

***Viral Control:** To kill viruses on hard, non-porous surfaces, apply **PureGreen24** to the surface until visibly wet for 10 minutes. The surface may then be wiped dry with a clean towel.

Kills HIV-1 on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings (or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV): **Instructions for Cleaning and Decontamination Against HIV** on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids: **Personal Protection:** When handling items soiled with blood or body fluids, use appropriate barrier protection such as latex gloves, gowns, masks and eye coverings. **Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant. **Contact Time:** Apply **PureGreen24** to area to be treated. The surface must be visibly wet with **PureGreen24** for 30 seconds. The surface may then be wiped dry with a clean towel. This contact time will not control all organisms listed on this label. Refer to application instructions for other organisms. **Disposal of Infectious Materials:** Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

To Refill: (1) Remove cap from empty bottle (2) Remove cap from refill and pour contents directly into empty bottle (3) Replace trigger sprayer and use as you normally would.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store in a cool, dry area away from direct sunlight at temperatures above freezing.

Pesticide Disposal: To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

Container Handling: Nonrefillable Container. Do not reuse or refill except as described in the directions for use. Refill only with this product. If empty: Place in trash or offer for recycling if available.

IN CASE OF EMERGENCY: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact CHEMTREC 1-800-424-9300 for emergency medical treatment information.
